'NMP – Ensuring Safe Prescribing Practice'

The Association for Prescribers are delighted to announce our 20th UK annual conference 'NMP - Ensuring safe prescribing practice'.

We have known for many years that Non -medical Prescribers lead the way when it comes to safe prescribing practice. From the moment we entered into our prescribing programmes, safety is the golden thread of prescribing knowledge, research, standards and practice. In our 20th anniversary of UK wide annual conferences, the Association for Prescribers is excited to be looking at the fundamental component of prescribing, ensuring safe prescribing practice. We will be welcoming multi professional leaders from across the UK, to speak to us about safety, from the perspective of national policy, best practice, evidence base and numbers. Like all our conferences, there will be opportunity for lively discussion, debate, networking, learning and fun.

A great line up of brilliant speakers, Jackie Smith NMC, Nina Barnett, Jo Jenkins and Graham Prestwich plus lots more.

Come and join us, we are very friendly, welcoming and informal. We represent the largest group of Non-medical prescribers across the UK and we use this voice to engage in constructive dialogue with policy makers, professional and regulatory bodies, media and government.

An Early Bird 10% discount will be applicable to all bookings for the conference made before the 30th of June 2018.
